

Shashank Sharma

Frontend Developer

+91 9627278867 — shashanksharma962727@gmail.com — Portfolio — LinkedIn — GitHub

Professional Summary

Frontend Developer skilled in HTML, CSS, JavaScript (ES6+), React.js, and Tailwind CSS with hands-on experience designing, developing, and deploying 10+ responsive, interactive web applications. Adept at implementing RESTful APIs, optimizing performance, and creating scalable, user-friendly interfaces that enhance usability and accessibility.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6)

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Bootstrap

Tools: Git, GitHub, Firebase, VS Code

Languages: Java, Python

Additional Skills: REST APIs, Responsive Design, UI/UX Principles, Web Performance Optimization

Experience

Commonwealth Bank Introduction to Software Engineering Job Simulation (Forage) Feb 2026

- Completed a job simulation focused on web development and cybersecurity tasks.
- Developed and styled a responsive web page using HTML and CSS aligned with branding standards.
- Acquired foundational knowledge of financial cybersecurity and client data protection.
- Created a proposal recommending secure web hosting practices to reduce potential vulnerabilities.

Projects

Shopmate – E-commerce Website

Live — Code

- Designed and developed a full-featured e-commerce web app with admin dashboard, authentication, and cart functionality.
- Implemented Firebase Authentication, Firestore Database, and protected user and admin routes.
- Managed CRUD operations for product data and deployed the application using Firebase Hosting.
- **Tech:** React.js, Redux, Tailwind CSS, Firebase, Firestore, Vite.

World Intelligence Platform

Live — Code

- Developed a dynamic React web application that visualizes global data through APIs and reusable components.
- Implemented search, filtering, and data visualization features to improve user interactivity.
- Optimized performance and responsiveness with Tailwind CSS and smooth animations.
- **Tech:** React.js, Tailwind CSS, Axios, React Router, Framer Motion.

Clima – Weather Dashboard

Live — Code

- Built a responsive weather application displaying real-time and forecast data using public APIs.
- Integrated geolocation detection and visualized weather metrics using Recharts.js.
- Deployed the application on Vercel ensuring optimized loading and mobile compatibility.
- **Tech:** React.js, Tailwind CSS, Axios, Recharts.js, Vercel.

Education

Bachelor of Computer Applications (BCA)

2024–2027 (Expected)

Raja Balwant Singh College, Agra

Certifications

- ReactJS for Beginners – Simplilearn (Frontend Development Certification)
